

CRUMBLE COTTAGES

GARDENS & NATURE EXPERIENCE ITINERARY

OVERVIEW

At Crumble Cottages you will be surrounded by our beautiful gardens, but we have been inspired by the many other stunning gardens in the area.

MORNING

Head over to [Levens Hall](#) where their 10-acre gardens were designed by Monsieur Guillaume Beaumont, gardener to King James II, in the 1690s. Much of the layout remains the same but you can track the history of how the gardens evolved over the centuries and admire their topiary hedges and breathtaking flower beds, before enjoying lunch at their rather lovely café.

AFTERNOON

If you come away feeling inspired then there are a couple of superb local nurseries to visit on your way back. [Cath's Garden Plants](#) near Sizergh, and [Abi and Tom's](#) at Witherslack and in Grange-over-Sands are proper local nurseries, crammed full of wonderful and unusual plants.

LOCAL TIP

There's a lovely walk along the river at Levens if you fancy stretching your legs and it's particularly beautiful in autumn.
